

Special Session on  
Agentic AI, Generative Intelligence, and Secure Intelligent  
Systems for Sustainable Digital Transformation  
(AAGIS-SDT 2026)

Original research contributions are invited on autonomous AI agents, Generative AI, secure intelligent systems, sustainable digital transformation, and related technologies.

**Topics of Interest (but not limited to):**

- Autonomous Intelligent Agents for Complex Problem Solving and Workflow Automation
- Multi-Agent Systems, Cooperative Intelligence, and Distributed Autonomous Computing
- Generative Artificial Intelligence for Content Creation, Design Automation, and Scientific Innovation
- Large Language Models, Foundation Models, and Next-Generation Conversational AI Systems
- Retrieval-Augmented Generation (RAG), Knowledge-Augmented AI, and Intelligent Information Retrieval
- Explainable, Transparent, Fair, and Trustworthy Artificial Intelligence
- Responsible AI, AI Ethics, Governance, Regulatory Compliance, and Risk Management
- Secure Artificial Intelligence, Adversarial Machine Learning, and AI Security Frameworks
- Privacy-Preserving Machine Learning, Federated Intelligence, and Confidential AI Computing

**Important Dates**

Paper Submission Deadline: 31.08.2026

Notification of Acceptance: 30.09.2026

Camera-Ready Submission: According to the notification

Conference Dates: 08-10.12.2026

**Submission Information:**

Authors should submit their papers through the conference submission system. All accepted papers will be published in the proceedings of the 8th icSoftComp2026 conference.

**Organizers:**

Prof. (Dr.) Pooja Sharma, Rayat Bahra University, Mohali, Punjab, India

Er. Narinder Kumar, Rayat Bahra University, Mohali, Punjab, India

Dr. Rahul Azmeera, University of The Cumberlands, KY, USA
